

BWC Financial Education Held Ceremony for “Oanda BWC Cup 2015” FX Trading Competition in OUNH

On 27 May 2015, BWC Financial Education held a ceremony in the Open University of Nanhai to celebrate the successful conduction of the foreign exchange simulation trading competition sponsored by Oanda. The number of students participating in the competition is over 180. Finally, those who ranked top 20 in terms of their trading results were invited to attend the ceremony. All of the top 20 participants showed outstanding trading performance, while three of them who achieved highest investment returns were chosen as the winners to get the prizes. Via this ceremony, we aimed to award the winners, in turn encouraging them to keep improving their expertise in financial investment in the future.

During the ceremony, we invited Mr. Chen Xiaoqiang, Director of Business Development, Greater China, Oanda, as one of the prize presenter to share his FX trading experiences with the students. His talk inspired all the participants. As the students major in Finance, Investment or other related subjects, they seized the great opportunity to talk with Mr. Chen after ceremony, and also seek for more experiences in FX trading and advise on trading and career planning

成就未來，无限可能
